# NOTES

#### The English & CW department has established the following prerequisites:

- 100-level courses: open to entering first-year students.
- **200-level courses** other than creative writing: the prerequisite is at least one semester of college work, including a writing requirement course, or permission of the instructor. Students are strongly encouraged to take a 100-level literature course before enrolling in a 200-level course. Students with AP scores in English of 4 or 5 may enroll in a 200-level ENG course with permission but are encouraged to take a 100-level course of their choice. First-Year Seminars (FYS) in the department fulfill the 100-level requirement for the English or creative writing major.
- **300-level courses:** sophomore standing or higher; previous course work in English at the 100 and 200 level is strongly encouraged. Sophomores wishing to enroll in 300-level courses are advised to consult with the instructor before registration.
- **Creative Writing courses:** the prerequisites for ENG 207 and ENG 208: Advanced Creative Writing are ENG 141: Fundamentals of Writing Poetry and Fiction and ENG 142: Intermediate Creative Writing, or permission of Director of the Jackson Center for Creative Writing. The prerequisite for ENG 142 is ENG 141 or by multi-genre portfolio submission and permission of Director of the Jackson Center for Creative Writing.
- <u>Majors within the department</u>: A student can undertake only one major in the English & Creative Writing department: English (with or without a concentration) or Creative Writing.
- <u>Minors</u>: If a student majors in the department, she may not pursue a minor in the department. If a student majors in something other than English or Creative Writing, she may pursue two minors in the department.
- **Concentrations:** A student can declare two concentrations, but a single course cannot count toward both concentrations. Students are reminded that only **60** credits in one department can count toward the **128** credits required for graduation. If credits in English exceed 60, then extra credits must be taken outside of the major for graduation (more than 128 credits will be needed).
- **Exchange Program:** The department's junior year exchange programs with the University of East Anglia and with the School of Irish Studies at the University of Dublin are officially approved by the University. Inquiries about foreign study should be made to the Director of International Programs.
- Hollins Abroad Courses: ENG 310L (Hollins Abroad London Program): Shakespeare as Dramatist fulfills either the pre-17th century area or the Genre, Theory, or Transhistorical area. No other off-campus substitutions are allowed in fulfillment of 300-level area requirements for the major. One pre-approved literature course taken abroad can count as an elective and fulfill the 200-level literature requirement in either major.
- **Honors Thesis:** During the spring semester of their junior year, English majors who have the required GPAs will be invited to submit an application to undertake an analytic or creative honors thesis in their senior year.
- **Independent Study in English or CW:** Application for Independent Study in English must be made in the preceding semester. Approval of faculty director and chair of the department is required before registration.
- Literature Recommendation for Potential or Declared English Majors: The department recommends that English majors take one 100-level literature course prior to talking a 300-level course, preferably during the first or sophomore year. We also recommend that majors take ENG 223: Major British Writers I or ENG 281: American Literature to 1860, or both, during their sophomore year. Selected 300-level courses have established other prerequisites.
- **Transfer Credit Toward the Majors:** Once a student has transferred to Hollins and declared a major in either English or creative writing, she may petition the Chair of the department for no more than two courses to be applied toward the major. The student must submit course descriptions and syllabi. Approvals are dependent on those courses being equivalent to 100- or 200-level courses offered at Hollins. Transfer credits are not approved for substitution at the 300-level.

# Requirements for a Major in English with a Concentration in Multicultural U.S. Literature

This concentration focuses on the multicultural nature of literature and the intersection of cultural identity and national identity. Courses in this area explore the literature emerging from diverse experiences related to ethnicity, class, race, religion, and sexuality. While some courses highlight the experiences of a single group and their unique struggle to formulate and express their identity, others focus on the negotiation of multiple identities within the larger context of American culture. Through this concentration, students will gain a greater understanding of the diverse and complex nature of U.S. literature.

Courses taken for the concentration may count toward other requirements for the English major as long as the total number of credits in English is at least 36 (up to eight credits can be taken in departments other than English, with permission of the department).

# **Requirements for a Major in English** with a Concentration in Literature and Performance

This concentration pays attention to the way that meaning is performed rather than stated. Courses may or may not imply deference to an original script or text. When a script or text is involved, it functions like a musical score rather than a command, rule, or law; as such, it is enacted rather than obeyed. Performances may be embodied in different media, among them film, music, the spoken and written word, and/or the body in motion. It is assumed that every performance creates a discrete event; that there is no authority conferred on firsts, lasts, or bests; and that performances create a plurality of texts.

Courses taken for the concentration may count toward other requirements for the English major as long as the total number of credits in English is at least 36.
